## Our Rector writes:

Darker and cooler days are approaching and the new academic year is well under way. By the time you read this, many of our Harvest Festival services will have taken place. There has been a great community atmosphere and worshippers of all ages have participated. Our churches have been particularly beautiful, with displays of fruit, vegetables and flowers and they've looked spectacular. Thanks to everyone who helped and took part. It's essential to support the quest to maintain our churches and keep them attractive and welcoming. The Norfolk Trust recently sponsored a bike ride and many bikers and also walkers visited some of our 650 Norfolk churches to raise funds for their upkeep. I met some people who were visiting the churches in our benefice for the first time. Well done to those who participated, to the church wardens and other volunteers who were on duty at the churches and provided refreshments and to others who contributed to the event and sponsored it. The upkeep of our ancient churches is a constant challenge to us all. It is always very special to go to a service in our cathedral. It is not only the experience of the worship itself; the sound of the organ and choir and the familiar Anglican liturgy, but the whole social setting of meeting others in our diocese and the opportunity of making new friends. The Collocation and Installation of Archdeacon Ian Bentley at Norwich cathedral recently was one such joyful occasion and we look forward to welcoming him to our benefice this autumn.

### *GOD'S LOVE OF MAN*

*God loves you. You're rebellious, you cheat, you commit immorality, you're selfish, you sin, but God loves you with an intensity beyond anything that I could describe to you. He loves you, and He loves you so much that He gave His only Son, Jesus Christ to die on the cross; and the thing that kept Christ on that cross was love, not the nail.*

# Prayer Requests for Our Parishes

Each of our Parish Churches has (at the back) a Prayer Request Book. Please do write down your requests (anonymously if you wish) and we will pray for the situation. Prayer requests can also be made either by telephone to the Rector on 502068 or online to:

**[prayer@brininghambenefice.org.uk](mailto:prayer@brininghambenefice.org.uk)**

(again anonymously, if you wish). We will then be able to pray for the need at the next service, wherever it is, and pass on these requests to a few people who will undertake to pray.

## **The Harvest of Friendship**

Friendships can come from many places near and far, sometimes even half a world away with faces we cannot see, but their touch we can always feel. Invisible hands reaching out across the miles to gently connect with another's.

Unbreakable links are forged, bonds that are never to be broken.

Strength is gathered in to defeat the demons of a sometimes lonely life as we harvest friendships into our lives.

Distance no longer matters. Hands now link in a chain with the message that no matter who we are, or where we are, a candle of hope is on the horizon.

David Harris

## Spanish Computer

A Spanish teacher was explaining to her class that in Spanish, unlike English, nouns are designated as either masculine or feminine. House for instance is feminine: 'la casa'. Pencil, however is masculine: 'el lapis'. A student asked, 'What gender is a computer'?

Instead of giving the answer, the teacher split the class into two groups, male and female, and asked them to decide for themselves whether 'computer' should be a masculine or a feminine noun. Each group was asked to give four reasons for its recommendation.

The Men's group decided that 'computer' should definitely be of the feminine gender, 'la computadora, because:

- 1 No one but their creator understands their internal logic;
- 2 The native language they use to communicate with other computers is incomprehensible to everyone else;
- 1 Even the smallest mistakes are stored in long-term memory for possible later retrieval;
- 2 As soon as you make a commitment to one, you find yourself spending half your money on accessories for it.

The women's group, however, concluded that computers should be masculine, 'el computador', because:

- 1 In order to do anything with them, you have to turn them on;
- 2 They have a lot of data but still can't think for themselves;
- 3 They are supposed to help you solve problems, but half the time they are the problem;
- 4 As soon as you commit to one you realise that had you waited a little longer, you could have got a better model.

The women won.

# Briningham Garden Party 2018

As the day of our village garden party approached, it became apparent that a dark cloud was hanging over the event. The weather reports were dire and a complete wash out was forecasted. A decision had to be made, but it was Saturday and the big day had been promoted for the following day. No choice, the garden party is too important to be missed, so hand bills were printed and posted through each of Briningham's letter boxes, phone calls were made to stall holders and the roadside notices were altered to announce the change. On Sunday our vicar Jennifer, told the congregation in our benefice service that Monday was the day and Briningham House the place to be.

With some trepidation and holding of breath, we looked towards the gate as two thirty approached on bank holiday Monday. Would there be anyone there, or was this going to be the quietest garden party yet? We felt vindicated in our decision as the rain had indeed fallen for the whole of Sunday afternoon, but could people make today, had we ruffled any feathers?

We need not have worried, over a hundred and thirty folk filed onto the beautiful setting of Briningham House and with their usual generosity engaged with every one of the stalls. The bric a brac always fascinates, we clear out and donate in abundance, yet cannot help ourselves rifle through the casts off of others. At least one lady I know bought back something she had donated, not often needed, but of sentimental value. Other stalls provided an abundance of games, Pimms, cakes, jams and much more, each as popular as the other.

Thank goodness the bank holiday Monday weather was wonderful, a comfortable temperature in which to sit with tea and cake and catch up with neighbours and friends, old and new. We are extremely grateful to Hugh and Sophie Crossley for hosting the Briningham garden party and especially for their flexibility with the change of dates. We thank all who supported the event, those who baked and made, collected and stored countless items, set up and cleared, manned the stalls and most of all attended on the day. We made £1,266 for St Maurice church which will be vital for its continuance in our village. We look forward to seeing you all again next year!

  - 1) “Hesay youghter givhim aclout.”
  - 2) “Kickut ‘arder, hesay.”
- “Hessien?” Question meaning “Have you seen?” As in “Hessien boy Billie?”

**Local Buses including the Coasthopper: Another concern drawn to my attention is the missing link between trains at King's Lynn and buses linking up with villages. I have obtained the following information:**

The service between King's Lynn - Fakenham and onwards was previously run by Stagecoach on an hourly basis. As readers know Stagecoach withdraw their services from Norfolk in April. Fortunately Lynx Bus took over this service along with other routes but for this route could only do so on a 2-hourly basis. Whilst NCC will continue to work as closely as possible with Sanders and other operators NCC cannot see the public transport subsidy budget increasing anytime soon. NCC Passenger Transport staff are very aware that the connections with the trains do not work that well and this has not been helped by the recent train timetable changes, but the bus from King's Lynn also has to connect at Fakenham with buses that go on to Wells, Norwich, Holt and further afield. NCC cannot change the times of the buses but all services will be reviewed regularly.

**SCAMS:** NCC has agreed the objectives for the Norfolk Against Scams Partnership (NASP) - a group of organisations committed to taking a stand against scams. Fraud costs the UK economy £52 billion a year and even more worrying it is believed that only 5% of victims report the crime. If you think you or a relative, friend or neighbour have been the victim of a scam or fraud or you are concerned about a possible scam or fraud, please report it to Trading Standards via the Citizens Advice Consumer Helpline on 03454 04 05 06 or Fraud on 0300 123 2040. For more information about scams visit [www.norfolk.gov.uk/business/trading-standards/scams](http://www.norfolk.gov.uk/business/trading-standards/scams). (If the information is about someone other than yourself I suggest you send the general information rather than personal details.)

**Blue Badge Scheme:** All information regarding the Blue Badge scheme can be found on NCC website. Please assist any friends who may need help either applying for a badge or renewing it. Also read the information on 'inaccurate' use of the badge and help avoid embarrassment.

**Norfolk businesses offered a £3,000 boost for ultrafast broadband:** An opportunity for Norfolk businesses to claim up to a £3,000 towards installing a superfast broadband connection - through a £67 million Government voucher scheme. The Gigabit Broadband Voucher Scheme was launched in March as part of a programme to deliver full fibre coverage across the UK. The offer is for small to medium-sized businesses and the local communities surrounding them. A one-off contribution towards the installation cost of a full fibre connection capable of delivering gigabit (1,000 megabits) speeds. The scheme will run until March 2021 or until all available funding has been allocated. Business owners can check their eligibility and find out how to register with a supplier in their area, at <https://gigabitvoucher.culture.gov.uk/>.

**Recycling Centres:** Publicity continues as to fly tipping and what can and cannot be taken to our recycling centres without charge and it is easy to get confused. I thought therefore to repeat accurate information and a link. *All household items are accepted for free – things such as fridges, sofas, electrical items, furniture, recyclables and garden waste etc – more information is on this link if that is useful: <https://www.norfolk.gov.uk/rubbish-recycling-and-planning/rubbish-and-recycling/types-of-waste-we-accept>.* I also have a personal plea for calling the recycling centres just that – Recycling Centres – not dump or tip. The plea is not just because that is what the centres are (this last month my local centre reported that 86% of what had been taken there had been recycled) but because amongst the hard working and dedicated staff there are fathers and mothers whose children should be proud that their parents do this work – and do not work at a dump!

**Parish Partnership Scheme with Norfolk County Council:** Due to the success of working in partnership with Parish/Town Councils for the last seven years the Parish Partnership Scheme Initiative will again be repeated in the financial year 2019/20. In our division there have been several successful projects where the town or parish council has organised the bid but others have provided the funding. (I had one such bid where three organisations shared the cost.) Further information, including possible funding sources for your share of the bid, is available on the NCC website.

All good wishes

Marie

# Apple and Mango Chutney

Preparation 30 mins    Cook 1 hr 30    makes 4 500ml jars

Three large, ripe mangoes, about 1 kg

2 tbsp. sunflower oil

2 onions halved and thinly sliced

Thumb sized piece fresh root ginger, peeled and cut into thin shreds

10 green cardamom pods

1 cinnamon stick

1/4 tsp cumin seed

1/2 tsp coriander seed, lightly crushed

1/4 tsp black onion seeds (nigella or kalonji are good)

½ tsp ground turmeric

2 Bramley apples, about 500g, peeled, cored and chopped

1 large red chilli, deseeded and finely sliced

375ml white wine vinegar

400g golden caster sugar

1 tsp salt

- 1 Cut each mango in half down the sides of the flat stone that runs through the centre of the fruit, so that you end up with 2 fleshy halves. Now take each mango half and cut into the flesh, making quite chunky diagonal pieces – take care not to cut through the skin. Turn each half inside out, then slice away the chunks of mango that stand proud from the skin. Cut the flesh from around the stones, trim off the skin and chop the flesh.
- 2 Heat the oil in a large, deep sauté pan, add the onion and fry for a few mins until starting to soften. Stir in the ginger and cook, stirring frequently, for about 8-10 mins until the onion is golden. Stir in all of the spices, except the turmeric, and fry until toasted.
- 3 Stir in the turmeric, add the apple and pour in 500ml water, then cover the pan and cook for 10 mins. Stir in the mango and chilli, then cover and cook for 20 mins more until the apple is pulpy and the mango is tender.
- 4 Pour in the vinegar, stir in the sugar and salt, then leave to simmer uncovered for 30 mins, stirring frequently (especially towards the end of the cooking time so that it doesn't stick) until the mixture is pulpy rather than watery. Spoon into sterilised jars.

Delicious!

# Every one a coconut – a warning against technology!

I recently read of the unfortunate experience of a senior bank executive under great pressure to submit an important document to his board of directors.

The software on the computer he was using at the time was of the kind that suggests words as you type, allowing selection of a word rather than having to type it in full. Unbeknown to the executive, it was also, exceptionally, set up with an option causing a change to a word in one part of a document to be automatically repeated where that same word occurred elsewhere throughout the document, a helpful tool but only in the right circumstances.

With only moments left, our stressed executive's eye, for some reason, fell upon the word "accounts", unsurprisingly a word repeated numerous times within the text. His cursor had highlighted the word, at which point the software suggested a number of near matches, "accounts" itself and, just next to that, "coconuts". Distracted by a colleague's call chasing him yet again for the document, our harassed executive clicked on the latter in error immediately prior to sending the document, utterly unaware of the newly acquired tropical character of his submission

The directors were subsequently perplexed to discover such revelations as:

"a particularly strong quarter for savings coconuts;  
a 5% increase in the number of current coconuts;  
a new service providing inter-coconut transfers;  
a worrying fall in coconuts throughout parts of S.E. Asia;  
feeding through to the management coconuts".

There but for the grace etc.....

Richard Huntly

### **A Harvest Appeal to support local people in crisis in 2018**

Harvest is traditionally a time of celebrating the crops being gathered in to provide food for the local community. This harvest, we are asking you to help feed & support local people in crisis by collecting specific non-perishable food and other items for **Cromer and District Foodbank**. Local care professionals refer clients to the Foodbank who provide short term emergency food to these local people in crisis. All food given out by the Foodbank is donated by generous members of the public and Cromer and District Foodbank would love you to be involved in helping people in need. For this appeal we would be delighted to receive any of the following items:

Cromer and District Foodbank want to help feed & support local people in need. Please join with us by giving so that those less fortunate don't go without at Harvest time. Thank you!
